

**DEPARTMENT OF BIOLOGY**  
***HONORS RESEARCH MENTOR AGREEMENT\****

**(Note to faculty advisors: A student cannot register for Honors Research until this form is completed)**

**TO:** \_\_\_\_\_  
Chairman, Department of Biology

\_\_\_\_\_  
Honors Research Coordinator/Instructor of Record

**FROM:** \_\_\_\_\_ (Please print)  
Name of prospective *Honors Research* mentor

\_\_\_\_\_  
Signature of prospective *Honors Research* mentor

\_\_\_\_\_  
Date

I hereby agree to supervise the *Honors Research* project that will be conducted by

\_\_\_\_\_ (Please print)                    ID# \_\_\_\_\_  
Name of student

During the \_\_\_\_\_ semester of \_\_\_\_\_ (academic year).

I understand that the student is expected to write an honors thesis based on the research conducted in this course (*Honors Research*) and that in order to receive credit (3 h) for *Honors Research*, the student must:

(1) submit to the honors coordinator/instructor of record) by mid-semester (of each semester of *Honors Research*) a proposal/statement of the work to be done, and

(2) present, at the end of the semester, a written report of the research conducted during that semester.

**Final Grade**

The final grade for *Honors Research* will be given by the Honors Research Coordinator/Instructor of Record on the recommendation of the research mentor, provided that the above requirements have been met.

**\*For seniors who are members of the COAS Honors Program, only. It is expected that the research done in this course will be used as the basis for the honors thesis.**
